**New** AUTOMATIC LEVEL **AT-B3** Series

The market- and time-proven " AT-B " series automatic levels provide outstanding precision for all kind of leveling tasks.

All models incorporate **TOPCON** original compensators with a magnetic damping system for the highest dependability.

**AT-B3** are IPX6 water resistance

**AT-B3** Automatic Level

Model		<b>AT-B3</b>
Telescope magnification		28x
Objective aperture		36mm (1.42in.)
Minimum focus		0.2m (1.0ft.) From end Of telescope
Accuracy	Without micrometer	1.5mm (0.06in.)
(Standard deviation for 1km double-run leveling)	With micrometer	-
Compensator	Type	4 wire pendulum compensator with magnetic damping system
	Working range	±15'
Water protection		IPX6 (IEC 60529 : 2001)
Horizontal circle graduation		1° (1gon)
Weight		1.7kg (3.7lb.)
